Please take any opportunity you have to introduce yourself and welcome all of our new faces here at Heartland Community Schools!

What else has been going on at school this summer?

In addition to updating all of our student information and materials for the next school year, we:

- Ordered new science curriculum
- Opened the courtyard walls with glass
- Installed new doors in the archway
- Replaced the roof on the old gym
- Refinished gym floors
- Repaired all mortar joints on the “new” addition
- New paint on the playground
- Painting of rooms & hallways
- Lowered the ceilings and new lighting in a couple restrooms
- Resurfaced the track
- New shot put and discus throwing areas

This is all in addition to the usual chores of cleaning every classroom from top to bottom, shampooing all carpets, and waxing all tile floors. Our summer staff is amazing and they always manage to have everything ready come August!

Dear Heartland Families,

Welcome to the 2016-2017 school year at Heartland Community Schools! The first day of school is quickly approaching – **Wednesday, August 17, 2016**. The staff and I are thrilled to share a year of learning together with all of our wonderful Heartland Huskies.

Back to School Night will be **Tuesday, August 16, 2016 beginning at 7:00pm in the Old Gym**. This is for all PK-6th grade students and their parents/guardians. Preschool orientations will be 6:00-6:45pm and 7:00-7:45pm. After our opening in the gym, K-6th grade students and their parents/guardians will meet in their respective classrooms. You will receive several forms this evening; some of which will require your signature. Please be sure to return these to the school as soon as possible. This will be a great time for us to get together before school begins the following day.

Did you complete the Summer Reading Challenge? Those that completed the Summer Reading Challenge will get the opportunity to turn their principal into a "Principal Sundae". Bring your favorite sundae topping to Back to School Night. (Please avoid peanuts).

Thank you for your continued commitment to your child's education and unwavering dedication to Heartland Community Schools.

See you soon!

No Child Left Behind Act

The new federal legislation included in the "No Child Left Behind Act" requires that schools release the names, addresses, and telephone numbers of all students in grades 9-12 to any military and/or college recruiters that request them. Parents have the right to request that this information not be released without their permission. All parents of students in grades 9-12 will receive a letter with a waiver form attached. This form needs to be filled out and returned to the school to block your child's name from being released. If you do not receive a letter and form, please call the school office and one will be sent to you. If you have any questions, please call the school office, 402-723-4434 for further information.

REGISTER NOW!

If you are new in the district, please come in and register your students as soon as possible! Call the school office at 402-723-4434 to make arrangements.

Asbestos Notification

The Environmental Protection Agency regulation requires that all patrons and employees of the Heartland Community Schools be notified as to the location of asbestos-containing materials in the school building.

Recent inspections conducted by ATC Environmental, Inc. of Omaha confirmed earlier inspections containing asbestos particles in several locations in the school. These are located in the old gym, the stage and several maintenance storage areas. Although the pipe insulation does contain asbestos particles, ATC Environmental Inc. found them to be properly encapsulated and therefore pose no threat to the students or employees of Heartland Community Schools.

Management plans, as required by law, have been filed with the State Health Department and should the materials become damaged in any way, the proper action will be taken by school personnel to insure a safe environment for all students and employees. School Maintenance Director, Matt Quiring has received special training, as required by the EPA, to deal with any asbestos related incidents. If any employees have questions or observe any damage to any asbestos covered materials, they should contact the superintendent's office. A detailed diagram of existing asbestos locations in the school building may be obtained from the superintendent's office. A copy of the management plan is available for public inspection in the superintendent's office.
