THE BROTHERS GRIMM SPECTACULATHON

Twenty-two cast and crew members are involved in Heartland's One Act production, *The Brothers Grimm Spectaculathon* by Don Zolidis. The fairy tales of the Brothers Grimm are turned on their heads in this fast-paced, rollicking ride as two narrators and several actors attempt to combine all 209 stories into one big mega super story! The students and directors, Tara Swartzendruber and Barb Casper, are getting ready for several upcoming contests and performances.

On December 7th the public is invited to attend the free community performance at 7:30 pm in the Heartland Theater. The performance is approximately 30 minutes long and may be enjoyed by all ages.

As part of our wellness plan for students and staff, the committee would like to make a few changes surrounding meals and snacks and information distribution here at Heartland. The suggestions are to:

- Explore the expansion of the lunch program to include a second entree option for students.
- Develop a schedule to conduct “Try Days” where students are able to sample new foods and vote as to whether or not they would like to add them to the lunch offerings.
- Research and offer parenting classes through a local organization.
- Implement a “grab a snack” for students after school and prior to boarding the bus or moving on to an after-school activity.

We would like to offer the after school snack option free of charge to students, supported by donations and eventually earning from working a concession stand. If we are unable to secure enough donations, we will likely need to implement a small fee for the items. If you would like to help through cash or product donations, please contact the school.

We are hoping to offer apples or oranges, granola bars, snack packs of nuts or crackers, etc. Any products that we hand out to students must qualify under the **Smart Snacks** standards as set by the USDA. If you are interested in bringing food to school for students, it would be great to check with us first as we cannot accept snacks that do not meet the USDA guidelines. Online tools and suggestions for snacks may be found under the **Quicklinks** menu at the top of our webpage at www.heartlandschools.org or at: <http://alturl.com/ntivh>. Thank you for your continued support! We hope that we can build a program to curb student's hunger at the end of the day with healthy options!

School Closing Information

As the winter approaches, occasional bad weather necessitates the closing of school for the safety of our students. School closing information will be announced over the radio station KAWL (1370) and television stations KHAS, KLKN, NTV and KOLN.

We also use an automated phone message service through School Messenger to notify parents about school closings as well. With this service it is very important that we have current numbers on file. Please call the school office if anything changes.

You may also call our school closing phone line at 402-723-4421. If a decision has been made the night before, the closing will be announced around 10:00pm. In the mornings it will be announced on the half hour from 6:30am to 8:00am.

Holiday Activity Suggestions for the Family

Provided by Heartland Community School's Early Learning Team

Speech / Language During car trips, talk about what you see along the way. Play a game of I Spy, or sing songs. In the evenings, talk about what you could do this allows for practice making choices, sharing about your idea and why it should be chosen, and problem solving. You can add language to any activity that you do as a family; ask questions, share stories, talk about what you need for an activity and what might happen or what just happened.

Occupational Therapy Make "snowmen" out of marshmallows and toothpicks. Make popcorn for game or movie night, and challenge each other to eat it like this: pick up one kernel at time till your hand is full, then using the same hand move one kernel at a time to your fingertips before putting in your mouth. Make cut-out cookies. This is a great activity for fine motor skills: using a rolling pin, using cookie cutters, using an icing bag to pipe designs or letters, using finger and thumb to put decorations on the cookies (M&M's, raisins, etc.).

Physical Therapy Play a movie time game. Every time words like, "Santa, hot chocolate, snow ball, reindeer," are mentioned do ten sit-ups and ten pushups. Keep a tally to track your physical movement after the movie is over. Indoor obstacle course. Set up 3-4 couch cushions in a line so they have to walk over them like a balance beam, put some of those extra Christmas boxes about 6 inches apart so they have to step in and through them, do 10 jumping jacks, then turn around and do an animal walk (bear crawl, crab walk, frog jump) on your way back through. Play outside and have a snowball fight, igloo race (ace back and forth taking "igloo blocks" from one side to the other), climb hills, sled, build a snowman as a family.

Pre-Academic/Cognitive Play games as a family, like Candy Land, Go Fish, Matching Game, or Uno. A family game night on a regular basis is a fun activity to look forward to all week! Many thinking skills, like problem-solving, can be worked on during this time, as well as math skills, like counting, matching, color recognition, etc.

Social-Emotional Use meal time as a time to "catch up" with each other as a family. Go around and share about your day and maybe play a game of "What would happen if..." or "What would you do if..." or something similar that each person answers. Establish ground rules that all ideas are acceptable and try to encourage equal talking time (or as close as possible).

Kirby's Dance Grant

Isabelle Buller, a Heartland third grade student in Mrs. Naber's class was recently awarded a \$500.00 grant from Kirby's Dance Studio in York. Isabelle has chosen to purchase durable headphones for her class to use when working with technology at school. We thank Kirby's Dance Studio and Isabelle for supporting Heartland Community Schools.
