

The Huskies Leader

From Brad Best, Superintendent.....

The calendar has turned to February and if you are like me, thoughts of spring begin to sneak in on occasion. It won't be long now. Be sure to watch our calendar as the next couple of months are packed full of various activities for you to enjoy.

Each year, we have been fortunate to receive federal grant funds to aid in supporting our efforts here at Heartland. Over the last five years or so, we have used these funds to purchase technology to enhance our curriculum and give our students new experiences. This current school year, we have used part of the grant funds to purchase 3 grow towers. One of the towers is in the agricultural science area, one is used by the foods classes and the other in the science department. These towers use aeroponics to quickly grow all types of plants using nutrient water and grow lights. The students received information on growing and consuming nutritious plants and then proceeded to "plant" the seeds in the towers. As you can see by the photos, the plants grow quickly and we have enjoyed watching their progress.

As soon as we establish some good volume, we will be offering samples to students during the lunch periods to expand their willingness to try new foods. If you are in the building, be sure to check the progress of our grow towers.

School Closing Information

As the winter approaches, occasional bad weather necessitates the closing of school for the safety of our students. School closing information will be announced over the radio station KAWL (1370) and television stations KHAS, KLKN, and KOLN.

We also use an automated phone message service through School Reach which we will use to contact parents about school closings as well. With this service it is very important that we have current numbers on file. Please call the school office if anything changes.

You may also call our school closing phone line at 402-723-4421. If a decision has been made the night before, the closing will be announced around 10:00 pm. In the mornings it will be announced on the half hour from 6:30 am to 8:00 am.

OUR MISSION: The Heartland Community Schools of Henderson & Bradshaw is dedicated to educating all students by providing challenging opportunities to learn according to individual needs.

Option Enrollment

Heartland Community Schools is open to accepting more option enrollment students and we feel that we have much to offer! A student from another district may enroll at Heartland when approved through the option enrollment program.

If you know of someone who would be interested in enrolling their children to Heartland, please have them call the superintendent's office at 402-723-4434. High school students must have an option enrollment application filed and approved before March 10, 2018 in order to be immediately eligible for extracurricular activities in the fall.

2017 Heartland Holiday Food Drive

NHS, FFA and FBLA collected 1,100 items and delivered food to 31 families. Thank you for your generosity in supporting this worthy cause!

Scholastic Book Fair

The Scholastic Book Fair for Heartland students grades K-12 is available to the public February 28- March 7. Plan to attend during parent teacher conferences. Volunteers are welcome to assist with the Book Fair. Please contact Gina Mestl at 402-723-4434. The book fair will be located in the high school library.

Book Fair Times

March 5th-7:45am-8:00pm (During Parent/Teacher Conferences)

March 6th-7:45am-8:00pm (During Parent/Teacher Conferences)

All about scholarships!

Most scholarships are based on academics, but others are based on community service, school involvement, or talent. Some are based on financial need as determined by the results of your [FAFSA](#) (Free Application for Federal Student Aid).

Here's where you can find scholarships:

- **[ScholarshipQuest](#) at [EducationQuest.org](#)** features over 2,000 Nebraska-based scholarships. After you create a profile, you'll be matched with scholarships that fit your criteria.
- **Counselor Corner:** Go to [www.heartlandschools.net](#) > Counselor Corner > Scholarships for a current listing of available scholarships.
- **The college you plan to attend.** Contact the school for a list of scholarships they provide and application procedures.
- **National search sites** such as [College Board](#), [Peterson's](#) and [Chegg](#).
- **Other resources** could include your coach, clubs and organizations, and your parents' employers and civic organizations.

February "To Do" List**Seniors:**

- ___ If you haven't already, complete the [FAFSA](#).
- ___ Expect financial aid award notifications from the colleges you listed on your FAFSA.
- ___ Apply for scholarships.

Juniors:

- ___ Start preparing for the ACT. Here are [test-prep resources](#) to consider.
- ___ [Register](#) by February 9 for the March 10 SAT.
- ___ [Register](#) by March 9 for the April 14 ACT.

Junior Day!

On February 6, all HCS juniors will join students from McCool Junction, Dorchester, Shickley, Exeter-Milligan & Friend at Junior Day. This day is designed to get juniors thinking about their senior year and cover topics pertinent to juniors. They will participate in these information sessions: test prep, steps to get into college, business panel, legal issues facing teens, financial responsibility and Americore/Military/GAP. There will also be time to chat with around 15 college reps.

New College Timeline will keep you on track to college

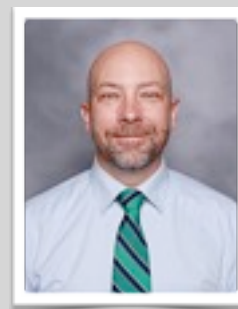

EducationQuest has launched a new [College Timeline](#) for students in grades 9-12 that spells out steps you should take during fall, winter, spring, and summer to plan for college.

The Timeline also allows you to add your own tasks, get reminders when it's time to complete tasks, and check off tasks when they're complete. You can access these features by creating and/or logging into your [MyEducationQuest](#) account at [EducationQuest.org](#). Check it out and give it a try. It will make the college planning process more manageable!

ELEMENTARY NEWS

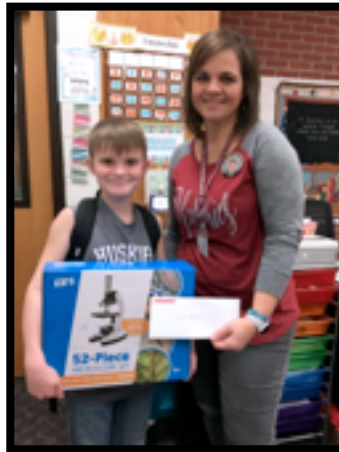

Kid With a Cure

In the fall of 2017, Pfizer, in partnership with Scholastic, launched a contest that encouraged children across the country in grades K-5 to dream up solutions to medical and societal problems to help make the world a better place. The contest asked kids to explain a problem, design a solution, and draw a picture to illustrate their solution.

Tucker Robinson was the winner of this prize, chosen out of 8,000 students who participated across the nation.

He received \$200 worth of science supplies and a new backpack. His class will receive \$200 worth of books and Heartland will receive a \$15,000 science grant.

On January 17th Heartland School had a all school assembly. At that assembly Pfizer and Scholastics created a video that will be posted on Pfizer social media channels and website. Lt. Governor Mike Foley was also present along with local news media, the film crew, and Pfizer representatives.

Elementary Library Time

During Computer Science Education week, Heartland elementary students participated in Hour of Code.

This worldwide movement introduces and engages students in computer science and computer programming.

Check out Hour of Code online with your child.

*L-R Micab Haidle,
Carter Ribble,
Beckett Siebert, &
Kraton Veerbusen*

*Riley Quiring &
Kaidence Holbein*

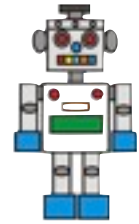

On Wednesday, January 24th we celebrated the 100th day of school. The day started with a "bang" as the elementary classes gathered on the playground where 100 firecrackers were lit. Kindergarten to 2nd grade continued their morning as they rotated through stations that had to do with the number 100. Kids sorted and graphed a cereal mix, did 100 seconds of exercises, built with 100 cups and dominos, played BINGO with numbers to 100, and dressed up to look 100 years old.

Robotics Team 2017-2018

Robotics is off and programming. HYDRO DYNAMICS is the topic for this year’s competition. The FLL teams need to identify a problem within the human water cycle, design a solution that makes this problem better and then share their problem and solution with others. The robotic teams consist of 6th-8th graders. The 6th/7th grade team is the Heartland Robobots made up of Wyatt Panko, Ben Janzen, Ava Tessman, John Edelman, Owen Mierau, and Jordan Nolan. While the 8th grade team is the Brogrammers consisting of Tyler Lewis, Aaron Goertzen, Mason Hiebner, Dawson Ohrt, Austin Wickham, and Alex Goertzen. The members are coached by Carrie Regier, Margalee Thomas, and Marietta Adams. The teams have a qualifying contest on January 27 in Omaha. If they qualify they will then compete on February 17 at The Strategic Air Command Museum.

4TH GRADE

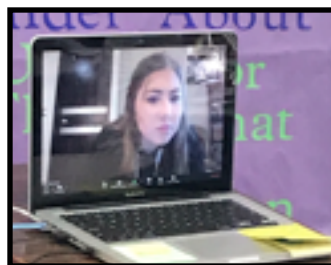

Understanding how to be empathetic, manage our own emotions, and solve problems can be a hard skill to teach and understand. Thanks to a donation from the York County Drug Task Force, Mrs. Waegli’s class has been learning a lot in our new social skills curriculum. So far, they have learned what empathy means and looks like and how to use that in the classroom. They have played games to match their classmates’ emotions, to be the best classmate and learner. In the picture Brooklyn and Mia play the telephone game to learn how to listen with attention. The rest of the curriculum will be learning how to deal with emotions, make plans to solve problems, and how to deal with peer pressure and the responsibility that comes with those actions.

Heartland’s Seniors Use Some New Tools

Technology is bridging the gap in the senior English classroom at HCS. Mrs. Ohrt planned an Emojified Socratic Seminar Discussion. **Brittany Quiring** was on the road to the airport, but joined the discussion, Emojis and all, via Facetime on the class Ipad.

Alexa Siebert is also using technology to participate in Senior English via Zoom this semester while she is in Mexico.

Students use the emoji prompts to guide and continue their discussion.

Guidelines
for Americans

Make better beverage choices

A healthy eating style includes all foods and beverages. Many beverages contain added sugars and offer little or no nutrients, while others may provide nutrients but too many calories from saturated fat. Here are some tips to help you make better beverage choices.

1 Drink water
Drink water instead of sugary drinks. Non-diet soda, energy or sports drinks, and other sugar-sweetened drinks contain a lot of calories from added sugars and few nutrients.

2 How much water is enough?
Let your thirst be your guide. Everyone's needs are different. Most of us get enough water from the foods we eat and the beverages we drink. A healthy body can balance water needs throughout the day. Drink plenty of water if you are very active or live or work in hot conditions.

3 A thrifty option
Water is usually easy on the wallet. You can save money by drinking water from the tap at home or when eating out.

4 Manage your calories
Drink water with and between your meals. Adults and children take in about 400 calories per day as beverages—drinking water can help you manage your calories.

5 Kid-friendly drink zone
Make water, low-fat or fat-free milk, or 100% juice an easy option in your home. Have ready-to-go containers available in the refrigerator. Place them in lunch boxes or backpacks for easy access when kids are away from home. Depending on age, children can drink ½ to 1 cup, and adults can drink up to 1 cup of 100% fruit or vegetable juice* each day.

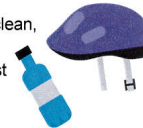

*100% juice is part of the Fruit or Vegetable Group.

6 Don't forget your dairy**
Select low-fat or fat-free milk or fortified soy beverages. They offer key nutrients such as calcium, vitamin D, and potassium. Older children, teens, and adults need 3 cups of milk per day, while children 4 to 8 years old need 2½ cups and children 2 to 3 years old need 2 cups.

7 Enjoy your beverage
When water just won't do—enjoy the beverage of your choice, but just cut back. Remember to check the serving size and the number of servings in the can, bottle, or container to stay within calorie needs. Select smaller cans, cups, or glasses instead of large or supersized options.

8 Water on the go
Water is always convenient. Fill a clean, reusable water bottle and toss it in your bag or briefcase to quench your thirst throughout the day. Reusable bottles are also easy on the environment.

9 Check the facts
Use the Nutrition Facts label to choose beverages at the grocery store. The food label and ingredients list contain information about added sugars, saturated fat, sodium, and calories to help you make better choices.

10 Compare what you drink
Food-A-Pedia, an online feature available at SuperTracker.usda.gov, can help you compare calories, added sugars, and fats in your favorite beverages.

** Milk is a part of the Dairy Group. A cup = 1 cup of milk or yogurt, 1½ ounces of natural cheese, or 2 ounces of processed cheese.

Center for Nutrition Policy and Promotion

Taking Care of Business Day

Junior high students went over to the Henderson Health Care Center during Taking Care of Business Day on December 22nd. The eighth graders interviewed residents about what Christmas was like when they were kids and put together a powerpoint presentation about what they learned. The 7th graders taught the residents a math/dice game popular in Mrs. Regier's class called Screamo. It was a great opportunity for the students to connect with another generation.

Smorgasbord Tickets will be Offered Online!

While you can still come up to the school office or see a band student to purchase smorgasbord tickets, another option this year will be to purchase your tickets online. Go to brownpapertickets.com and search for "Heartland" to see a list of our events. You can also visit our website at heartlandschools.org where we will have a link to the ticket site.

There is a small convenience fee required by the company for online purchases. The total purchase price will be the cost of the tickets + \$0.99 per ticket + 3.5% credit card fees. On one ticket, the cost of a normal \$15 ticket will be \$16.52 including fees. If you choose this option, you will be able to name which student to whom you would like to credit the sale.

Tickets go on sale February 16th. Please let us know how we can help!

Band German Smorgasbord

The annual Band German Smorgasbord will be held Saturday, March 17, 2018. The meal will be served from 5:00pm to 7:30pm and a band concert will be held at 7:45pm. Adult tickets are \$15.00, children ages 4-12 are \$7.00. Any child under the age of 4 is free. Tickets will go on sale February 16, 2018. Tickets can be purchased through band members, calling/stopping by the Heartland School office, or online. **Tickets must be purchased in advance.**

Parent-Teacher Conferences

Sign up for Parent/Teacher Conferences Online

Starting February 10th

Parent/Teacher conferences will be held on the evenings of March 5th & 6th. Parents of elementary or jr. high students can now pick which available time works best in their schedule using our website at heartlandschools.org. In the top menu, choose "Parent Teacher Conferences" and follow the screen prompts. You will be asked to log in to the website. If you do not already have an account, you can create one during this process. You can use your account to receive other information, as well. If you would like detailed instructions on how to schedule conferences, go to our website and click on the "For Parents" menu. Give us a call with any questions at 723-4434.
