# Re Huskies Leader 

From Brad Best, Superintendent...<br>To our parents and supporters,

It saddens me to hear about evil attacks on innocent people, especially in the school setting. While we have implemented measures with electronic door locks to help keep our students more safe, I wanted to update you on additional measures that have been taken or will be introduced in the near future.

The state has recommended a Standard Response Protocol (SRP) that they hope all schools will implement in order to have a common language across the state. Our committee, which includes law enforcement and first responder representation in addition to staff from the school, has been trained in this protocol and have, in turn, trained our teaching staff. Support staff and students will be trained in the very near future and we will be providing much more information to parents over the next few weeks.

The basis of the protocol is how to keep people safe in 4 general scenarios:

- The threat is outside the building (Lock Out)
- The threat is inside the building (Lock Down)
- We need to leave the building (Evacuate)
- We need a safe place due to weather or environmental threat (Shelter)

When one of these horrific instances take place, as parents, we tend to want to come to the school and find or remove our child. While completely understandable, this is one of the biggest concerns that schools, law enforcement, and first responders have in these situations. We all have one thing on our minds during these emergencies and that is to keep your children safe. The congestion of people flooding the school makes the response much more difficult. In the case of a "Lock Down", reunification of kids and parents may be up to two hours later to ensure that all are accounted for and released to proper guardians. We would communicate updates and instructions as often as possible in these situations via our alert system.

We will let you know when we will have an informational meeting for parents regarding our protocols. I hope to have all of this complete within the next few weeks. In the meantime, remember that our teaching staff is trained and we ask for your trust during this strange time in society.

> OURMISSION: The Heartland Community Schools of Henderson \& Bradshaw is dedicated to educating all students by providing challenging opportunities to learn according to individual needs.

## Ch.I.L.D. Day Provided by Heartland Community School

Heartland Community School is setting aside a special time for parents of children age 5 and under to participate in Ch.I.L.D. Day, which stands for Cbildhood Information on Language and Development. Just as parents take their young children to the doctor for medical check-ups, the school can provide to parents the services of a "developmental wellness visit". The early childhood personnel at the school can provide current and useful information to parents concerning the early development of their baby, toddler, or preschooler.

Ch.I.L.D. Day is a childfind effort conducted by the Heartland Community School District. School districts are required to conduct childfind activities to ensure that young children who need early intervention services are identified. Involvement in Ch.I.L.D. Day is a free, completely voluntary service and is conducted in a confidential manner.

Ch.I.L.D. Day is set for Friday, March 16th, 2018 from 8:00am - 4:00pm. We will again be meeting in family homes for babies and toddlers so that the children will feel more comfortable in their natural environment. Children ages 3-5 will meet in the Heartland Preschool Room. Interested parents who live in the Heartland School District can call the school office to register for a 45 -minute time slot when the early intervention specialists can see their child. Parents will be able to ask questions about their child's development, complete a developmental checklist, and have their child play and interact informally with adults knowledgeable about young children. Further information may need to be gathered at a later time if the parents and school staff see any concerns. Parental permission is required for any further evaluation.

Heartland Community Schools wishes to extend this invitation as one way of providing support and information to parents of young children in our district. Again, parents of young children in the Heartland school district are invited to call the school at 402-723-4434 to register for Ch.I.L.D. Day

## Agriscience Class

Nema Stracener is teaching her Agriscience class how to candle eggs. This allows us to tell whether the eggs are rotten or if they will hatch a baby chick.

Three FFA members competed in a livestock judging contest in Fullerton on Feb 3. The team of Zach Wichman, Tanner Bottorf, and Nema Stracener received third of place. Nema received 4th as an individual.

## Heartland Prom

On April 14, 2018, we will hold the Junior-Senior Prom. There will be a meal for the Juniors and Seniors and their guests at $6: 30 \mathrm{pm}$ in the old gym. The cost for the meal is $\$ 15.00$ for Juniors and $\$ 15.00$ for guests, complimentary for Seniors. After the meal, the students will do a walk-through starting at $7: 45 \mathrm{pm}$; you are invited to join us in the theater. The Royalty ceremony will follow starting at approximately $8: 15 \mathrm{pm}$. The prom dance will be held in the south gym starting at 9:00 pm . Students will need to purchase a $\$ 5.00$ ticket to the dance and post prom activities from the High School office. All activities are chaperoned by parents. Parents, we will let you know if your child leaves before the conclusion of the prom activities (2:00 am).

Both Heartland Robotics teams competed in Omaha at the FLL Qualifier event on January 27, 2018. The teams had a great day showing the judges their project, working on core values, and competing in the robot game. Unfortunately, neither team qualified for the state competition. As always, many valuable lessons are learned during the season, not only about programming robots, but about working with others, identifying problems and potential solutions, and expanding upon their ideas and presenting their ideas to a panel of judges.

## Isabelle Vanderneck Selected for RHOP at

 Peru State CollegeIsabelle Vanderneck was selected to be in the Rural Health Opportunities Program (RHOP) at Peru State College! The Rural Health Opportunities Program (RHOP) is a cooperative program between Peru State and the University of Nebraska Medical Center (UNMC). Students admitted into the RHOP program must be from a rural background. The purpose of the program is to recruit and educate students from rural communities who plan to return to rural areas to practice. It represents a commitment and dedication to quality health care for the citizens of the state. Upon selection into
 the RHOP program, students who meet all the program requirements will be admitted into their specific program at the UNMC. Isabelle will also receive a tuition waiver while a student at Peru State College. Students in this program are strongly encouraged and expected to practice in the rural areas of Nebraska upon completion of their program of study at UNMC.
