Dear Parents, Patrons, & Friends of Heartland Community Schools,

As most of you are aware, five Heartland teachers are retiring at the end of the current school year. I would like to take this opportunity to express my appreciation for their dedicated service to the students at Heartland Community Schools. They have all been committed to helping Heartland students be successful. Please join us in helping them celebrate their retirement and their years at Heartland at a retirement reception on Sunday, May 22, 2011. The reception will be held from 2:00 – 4:00 p.m. in the school cafeteria. There will be a short program beginning at 3:00 p.m.

Larry Vancura, Athletic Director and Math instructor, has served the district for the past 42 years. He has also coached track and football during many of those years.

Dave Ehly, German and English instructor, has served the district for the past 40 years. He has also directed the one-act plays for many of those years.

Sharon Bishop, Language Arts instructor has served the district for the past 32 years. She has been the sponsor of the National Honor Society, formerly coached the speech team, and directed the school plays.

Joan Friesen, Media Specialist/Librarian has served the district for the past 25 years. At one time she also coached the speech team and directed the school plays.

Dan Gilson, Industrial Technology instructor has served the district for the past 9 years. He had originally taken early retirement from the Giltner Public Schools. While at Heartland, he has also coached Junior High girls and boys basketball.

The board has expressed sincere appreciation for their combined 148 years of service to the Heartland District. Their services will be missed by the students, staff, and community of Heartland Community Schools. It will be very difficult to replace the experience of these five individuals. We will miss their expertise. We are really appreciative of their dedication and commitment to Heartland. We wish each of them the very best in their respective retirement years.

I hope each of you will take the opportunity to thank each of them for their service to the students at Heartland.

Sincerely,  
Dr. Norm Yoder, Superintendent

There is a wonderful opportunity waiting for you to make a difference in the lives of young readers this summer! "One World, Many Stories" is the theme of the Summer Library and Reading Program at the Heartland elementary school library this summer and volunteers are needed to make this reading theme come alive for children. Volunteers may read, tell, or dramatize a story for children during a story hour. Stories need not follow the summer library theme but may be on any book or topic appropriate for children. Especially needed are readers who want to share their own writing or their own life experiences involving stories.

The library will be open at Heartland Community School on Tuesdays and Fridays, from June 14th to July 22nd. Story hour will be at 9:30 A.M. If you would like to get involved in reading to children during the Summer Library Program, please call the school office at 723-4434.

## HELP YOUR MIDDLE SCHOOLER FINISH THE YEAR STRONG

The calendar says "May," but chances are your middle schooler's brain is already thinking "summer vacation!"

The last few weeks of school are as important as any other, though. So it's vital that she stay focused and finish strong.

To help keep your child working hard as the year winds down:

- **Stick to routines.** She's probably not the only one being wooed by warmer temperatures and extra daylight. If you find yourself letting her hang out with friends longer and longer and stay up later and later, it's time to get back on track. Morning comes as early as ever, and if your middle schooler doesn't get enough sleep at night, she may be cranky and worn out in class.
- **Stay interested in her work.** Don't stop asking your child about what's happening in class just because, by this point, you're pretty familiar with what goes on there. Show her you still care about her education.
- **Issue a warning.** Remind your child that if her grades suddenly slip near the end of the year--or her homework stops being completed--there will be consequences. The thought of missing a summertime movie or trip to the pool may inspire her to buckle down.
